

Updating FD Licence

Offline:

Please follow the steps given below:

1. Type in your browser the following address: <http://www.spielberg.de/fdlicence/>

Spielberg
Electronic Content Management **FileDirector Licence**

1. Download the program GetSiteCode.exe to a location on the server that FileDirector Server has been, or will be installed.
2. Run GetSideCode and enter the FileDirector Serial Number in the program window.
3. A file with the extension .fds will then be created in the same location where the GetSiteCode program is.
4. Click the Browse button below to select the site code file you have just created and then click Get FileDirector Certificate.
Site Code File:
5. The certificate for your FileDirector installation will be created. Download the certificate file, which will have the extension .fdc.
6. In order to activate FileDirector, after the FileDirector Server has been installed, run the FileDirector Config Utility, and from the Licence tab, browse to the location where you downloaded the certificate file, and then press Apply.

2. Select in the upper section „Download GetSiteCode.exe“.
3. Save the file to a location accessible from your FileDirector server.
4. Run the file on your FileDirector server.
5. Enter your licence key (XXXXX-XXXXX-XXXXX-XXXXX-XXXXX).
6. Save the fds file to a location accessible from your computer connected to the internet.
7. Upload the fds file via the internet site given above and press „Get FileDirector Certificate“.
8. Save the certificate to a location accessible from your FileDirector server.
9. Open the FileDirector ConfigUtility (Server) on your FileDirector server [Desktop icon or Start->Programs->FileDirector].
10. Select the tab Licensee and upload your certificate (fdc file).
11. The options of your FileDirector licence are now displayed in the tab licence option.
12. Do an IISreset and restart the IIS of your FileDirector server.

Online:

Please follow the steps given below:

1. Open the ConfigUtility (Server)
2. Select the tab licensee
3. Select „Get licence“ and activate your FileDirector licence
